### **PUN INTENDED...**

My wife just tripped and fell while carrying a load of clothes she'd just ironed...

I watched it all unfold!

#### **TOURNAMENTS**—

Tournament Chairman, Rod Wells has been talking to all of the golf courses on our June schedule, but none can accommodate our large group with the number of carts needed for our tournaments. Therefore, all of our June tournaments have been canceled. Watch the website for schedule changes as coronavirus restrictions are possibly lifted and the resumption of our 2020 schedule can take place.

The High School classes of 2020 have just graduated. Here is a question/answer on an exam from a Senior Anatomy Class:

Q: How are the main parts of the body categorized?

A: The body consists of 3 parts: the brainium, the borax and the abdominal cavity. The brainium contains the brain, the borax contains the heart and lungs and the abdominal cavity contains the five bowels: A,E,I,O and U!

...I'm not sure what grade was given to the student, but I'm guessing the teacher is still laughing!

## PICTURES.... (2)

Not much response was received from the note in the May Newsletter regarding the need for pictures. 123 members still do not have pictures on the Roster tab of our website. Simply have a picture taken (preferably a head shot) and send it to Webmaster Howie Bacharach (<a href="mailto:hbacharach@aol.com">hbacharach@aol.com</a>). If you have a picture on the roster tab that you don't like or want updated, simply take another picture and send that picture to Howie and he will replace the current picture with the new one. Thanks.

Scientists have yet to explain how 300 people can be working at a Wal-Mart but only 4 registers will be open.

### **FUNNY...**

A thief entered a house mid-afternoon. He tied up the woman and at knife-point asked the man to hand over all the jewelry and money in the house.

The man started sobbing uncontrollably and said, "You can take anything you want, you can even kill me, but please untie the rope and free her."

The thief replied, "You must really love your wife!"

The man replied: "No, but she will be home shortly!"
