LAWS OF GOLF

.....John Stieneker

Law #4: Golf balls never bounce off of trees and back into play. If one does, the tree is breaking a law of the universe and should be cut down.

PUN INTENDED... He: "Do you still play triangle in the orchestra?" She: "No, I quit...it was just one ting after another".

SAD NEWS:

Twelve year member Andy Parker's wife Alicia passed away on April 23. Alicia was born in Kansas City, but grew up in Dallas attending Bishop Dunne High School. No services are planned.

Rest in peace, Alicia Parker.

Quarantine has turned us all into dogs. We roam the house all day looking for food. We are told 'no' if we get too close to strangers. And we get really excited about car rides.

PICTURES...

NTSGA is in need of pictures (head shots) of members, to post on the website roster tab. It would help during this coronavirus down time, if you could have a picture taken with your cell phone and forward it to Webmaster Howie Bacharach (hbacharach@aol.com). This is an attempt to have pictures posted on the NTSGA website of all of our members. Thanks.

FUNNY...

An Irish mother-in-law arrives home from shopping to find her son-in-law Paddy in a steaming rage and hurriedly packing his suitcase.

"What happened Paddy?" she asks anxiously.

"What happened? I'll tell you what happened. I sent an email to my wife telling her I was coming home today from my fishing trip. I get home and guess what I found??" "Your daughter, yes, your daughter, my wife Jean, naked with Tim McDurmond in our marital bed! This is unforgivable, the end of our marriage, I'm done. I'm leaving forever!"

"Come now, calm down, calm down Paddy." says his mother-in-law. "There is something very odd going on here. Jean would never do such a thing! There must be a simple explanation. "I'll speak to her immediately and find out what happened."

Moments later, the mother-in-law comes back with a big smile. "There now Paddy, you see...I told you there must be a simple explanation.

"Well, what is it?" fumed Paddy.

"She never got your email!"
